SUMMARY

An analytical and detail-oriented Informatics Engineering student at Telkom University Purwokerto with a 3.80/4.00 GPA. Deeply passionate about software development with a versatile skill set spanning UI/UX design, agile product management, and quality assurance workflows. Proven track record in leading development teams, creating conversion-focused user flows in Figma, and understanding the end-to-end Software Development Life Cycle (SDLC). Eager to leverage a multidisciplinary tech mindset to drive value in dynamic digital product teams and fast-paced business environments.

EDUCATION

Telkom University Purwokerto, Informatics Engineering Sep 2023-Present
GPA: 3.80 / 4.00 | Honors: Endowment Fund Scholarship Awardee (4th semester)
Relevant Coursework: Web Programming, Software Design and Implementation, Database Modeling, Platform-Based Applications, Artificial Intelligence (AI).

ACADEMIC PROJECTS

Software Design “Learnly, English Vocabulary App” - Team Lead Sep-Dec 2024

- Led a 5-member team to conceptualize, design, and present a comprehensive application blueprint.
- Awarded 1st Place for Best Project and Presentation among 8 teams (43 students) by the lecturer.
- Modeled 5+ core UML diagrams (Use Case, Activity, Sequence, Class Diagram, and ERD) to ensure zero logic flaws during the product definition phase.

Software Implementation “Zoes Frozen Food Website” - UI Designer Sep-Dec 2025

- Collaborated in a 5-member Agile team (PM, FE, BE, QA) to build a fully functional website for Zoes Frozen Food.
- Designed 15+ UI screens using Figma, ensuring a clean, intuitive, and conversion-focused user experience.
- Mapped out end-to-end user flows for critical transaction features, including home delivery service options and a flexible payment gateway system (COD and QRIS).

RELEVANT EXPERIENCES

Internnet Indonesia - Technology Path Mentee (Data Analyst, Scientist, Engineer) May 2026-Present

- Selected as one of 37 mentees in the specialized Technology Path out of 120 nationwide participants, designed to bridge the gap between academic knowledge and industry workflows.
- Participated in an exclusive company visit to Apple Developer Academy @ UC, Jakarta themed “Exploring On-Device Intelligence on Apple Platforms” to study local AI/ML integration and modern app architecture.
- Completed 2+ intensive mentorship sessions led by engineering professionals, focusing on tech recruitment standards and career pathways.

Satria Muda, Telkom University Purwokerto - Proposal Reviewer Jan-Oct 2025

- Served as a technical consultant for PKM PI (Penerapan Iptek).
- Main speaker for the PKM Administration Class, guiding 20+ student groups to improve overall proposal quality.
- Certified National Reviewer, awarded by Satria Muda with a score of 910/1200 (“Highly Trusted”).

Student Renewable Energy (SRE), Telkom University Purwokerto - Creative Media Officer Jan-Dec 2024

- Managed the official Instagram @sre.telkomuniversitypwt.
- Created and curated 30+ digital designs and promotional posts, achieving a 100% on-time publishing rate.
- Coordinated with 3 divisions as a documenter to secure event coverage and visual reports.

SKILLS

- Product Management & UI/UX : Trello, Agile, Software Development Life Cycle (SDLC), User Flows, Figma, Wireframing
- Software Development & Testing: HTML, CSS, JavaScript, TypeScript, PHP, Next JS, Laravel, Git
- Databases : SQL (MySQL and MariaDB)
- Soft Skills: Analytical Thinking, Attention to Detail, Public Speaking, Cross-functional Collaboration
